Home Comfort, the Lakes Region's premier resource for interior design, unique home furnishings, accessories, and more, is opening a new location in Bedford this summer, at 384 Route 101, right next door to Granite State Cabinetry.

The new location will showcase Home Comfort's design team, and in the 7000 square foot showroom, you will find unique lines of classic, stylish and casual furnishings, artwork, area rugs, fabric, bedding, lamps, window treatments, accessories, and everything you need to make your house a home. If you see something you like, you can take it with you, or we have free delivery – sometimes the same day!

Owner Luke Dupuis, who opened his first store in Center Harbor, NH, in 1997, says, "We are thrilled to be adding another location, and could not be more excited that it's in Bedford. The Bedford market is home to savvy, vibrant individuals seeking something different and original, when it comes to furnishing their homes. We feel confident that our distinct lines of furniture and accessories, paired with our commitment to superior service, are just what the Bedford community is looking for. We've always done things a little bit differently, and we think it shows as soon as you walk in our doors. Whether you need the services of our professional, award-winning design team, or just the perfect final touch to a room you're finishing, we can provide it for you, all under one roof."
